Reed,

Thanks for coming today. I feel a bit better knowing what is going on. I'm not sleeping until this is actually fixed. In the mean time, you need to deliver physical universe sub-products.

Here is what we discussed and agreed to:

Reed action items

1. TONIGHT: Fax last 2 statements from UBS showing balance of NAA account
2. TONIGHT: Fax letter from NAA showing that you are the beneficiary of above UBS account
3. TOMORROW: Fax Sky a copy of the UBS report to NAA clearing you, where they state they have sent a clean bill of health report to the FATF
4. TOMORROW: Arrange for Piere Olivier in Geneva to talk to Richard (we will have an NDA in place before Richard actually speaks to him)
5. TOMORROW: Contact UBC about a letter regarding the disposition of the balance in that account to me once it is cleared
6. TOMORROW: You will call me tomorrow to patch me in on a call with your UBC bank contact
7. MONDAY 11 a.m.: Come to my office to meet with me and bring your file of correspondence and any additional statements regarding this cycle
8. Call Alan & Janet
9. Call Kavner

Sky action item

1. TOMORROW: Get Richard to put together an NDA to protect you in these discussions
